Part X - FIN 48 Footnote

The Corporation is a not-for-profit corporation that has been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code.

The Corporation applies accounting policies that prescribe when to recognize and how to measure the financial statement effects of income tax positions taken or expected to be taken on its income tax returns. These rules require management to evaluate the likelihood that, upon examination by the relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, the Corporation only recognizes the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an

Part XIII Supplemental Information *(continued)*

income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses.

Based on the results of management's evaluation, no liability is recognized in the accompanying balance sheet for unrecognized income tax positions.

Further, no interest or penalties have been accrued or charged to expense as of June 30, 2019 and 2018 or for the years then ended. The Corporation's tax returns are subject to possible examination by the taxing authorities.

For federal income tax purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

Access to care, cardiovascular disease, mental health services and nutrition were seen as significant concerns that affect many residents. The distribution of behaviors and health outcomes consistently follow social and economic patterns. Furthermore, some barriers to accessing care continue to prevent current programs and initiatives from reaching the populations in need. These challenges present important opportunities for the future. As we move forward as an integrated community of health care, social services and community leadership, we can leverage community assets to improve the health of residents in Floyd, Polk, Chattooga and Cherokee counties.

Part I, Line 2 - Procedures for Monitoring the Use of Grant Funds

It is the policy of the organization to establish procedures to potentially secure payment for healthcare services via extension of insurance benefits through COBRA.

This extension of insurance coverage will be provided on a case-by-case basis. The hospital's role in coverage payment will be reviewed monthly; there is no obligation for the hospital to continue coverage payment beyond the initial stated length. This coverage payment is not typically intended for longer than a specific service event.

In general, as FHMI is approached by individuals of the community for services, assigned staff will examine patients for potential qualification for this program. Upon qualification, payment of the insurance premium is made to the employer/insurance company. Patient liability will be evaluated and discussed with the patient/guarantor prior to discharge. This discussion will follow the same protocol as other patients with residual liabilities. Finally, a 1099 tax form is issued to the patient.

Tuition Policy:

The organization provides opportunities for training, development, and advancement which are consistent with individual ability and performance as well as budgetary limitations and needs of the organization. FHMI will share in the cost of tuition and books for classroom and/or correspondence

Form 990, Part VI, Line 7a - Election of Members and Their Rights

The organization's board makes all decisions related to appointment of members of the board. The CEO is automatically a member of the board by virtue of his position in the organization. Floyd Healthcare Resources' Board Chairman is automatically a member of the FHMI's board by virtue of his position in the organization. By contract, the organization agrees to have two of the Floyd County Board Commissioners on the board.

Form 990, Part VI, Line 11b - Organization's Process to Review Form 990

The Organization's CEO, CFO, controller, legal counsel and employees of FHMI review the Form 990 for financial and disclosure accuracy. Prior to its filing, a copy of the Organization's 990 return is posted on the Board of Director's secure website for their review. Management will send an email notifying members of its posting.

Form 990, Part VI, Line 12c - Enforcement of Conflicts Policy

Floyd Healthcare Management, Inc. ("FHMI") has a written policy respecting conflicts of interest and disclosure of same. Generally speaking, the policy requires any "Covered Person" who believes he has a conflict of interest to:

-disclose the existence and nature of the conflict of interest (including

Name of the organization

Floyd Healthcare Management, Inc.

all facts known respecting the subject matter) to the chairman of the board; -play no part, directly or indirectly, in the deliberation or vote of the board of directors with respect to the determination of whether a conflict of interest exists; and -absent himself from that portion of the meeting at which the conflict of interest is discussed.

The definition of a "Covered Person" includes all board members, officers and members of senior management of FHMI.

When a Covered Person discloses a potential conflict of interest to the board chairman, the chairman is obliged to bring the matter to the attention of the full board. The board determines whether a conflict of interest actually exists. If the board determines that there is a conflict of interest, the transaction or matter giving rise to the conflict of interest may not proceed unless the board determines, by a majority vote, that, despite the conflict of interest, the transaction/matter is nevertheless in the Corporation's best interest and is fair and reasonable to the Corporation.

In addition to the requirement that a Covered Person disclose a potential conflict of interest at the time it arises, each Covered Person is also required to submit, on an annual basis, a 'Conflict and Disclosure of Interest Questionnaire'. This multi-question document serves as a reminder and prompts each Covered Person to ponder those areas and situations where a potential conflict might exist.

Additionally, any proposed transaction at FHMI which involves an "insider" (i.e., a board member, officer, manager, etc.) is scrutinized, with the assistance of corporate legal counsel, from the standpoint of whether the

Name of the organization

transaction will result in any excess benefit to the insider. Typically this involves obtaining appropriate data regarding comparability which is provided to the board for its use in determining that the consideration being paid to the insider as a part of the transaction is reasonable and does not exceed the value of the benefit received by FHMI.

Form 990, Part VI, Line 15a - Compensation Process for Top Official

It is the responsibility of the Compensation Committee of Floyd Healthcare Management, Inc. Board to actively manage and monitor executive compensation. To do so, the Committee has established the following objectives for the executive compensation program:

- Provide a competitive total compensation earning opportunity to recruit, retain, and reward the executives needed to meet the community's healthcare needs, now and in the future;
- Provide pay opportunities that will reward the executive team when organizational performance in key areas is demonstrated;
- Incentive compensation under the executive incentive compensation plan is payable only in the event the organization's operating margin from operating revenue exceeds certain parameters established by the Compensation Committee;
- Ensure that the compensation programs are easy for all interested parties to understand.

Annually, the Committee reviews the appropriateness of the total compensation provided to each executive:

- As related to the competitive market pay rates;
- As related to the individual's role and responsibility in the organization;

Name of the organization

Floyd Healthcare Management, Inc.

Employer identification number

-As it pertains to variable or incentive earning opportunities relating to the performance of the organization.

To determine the market rates for each position, the Committee utilizes an outside consultant to survey comparable organizations to develop an appropriate range of pay for each executive position. This range generally reflects the pay practices and levels of comparable organizations in Georgia, the Southeast, and across the country.

Specifically, the Committee reviews data for market rates of base salary and total compensation (the combination of base salary and bonuses).

After reviewing this data, the Committee assesses the appropriateness of the base pay levels for each executive within a range that generally reflects industry norms.

In addition to monitoring base salaries, the Committee is responsible for administering the executive incentive compensation program. The program is designed to:

-Further align executive pay with the strategic and operational achievements of the organization;

-When the organization achieves results in key areas of performance, to appropriately reward executives according to that program;

The Committee has also established Supplemental Executive Retirement Programs (SERPs). These SERPs were designed with the advice and help of consultants and are designed to retain and reward executives with retirement opportunities that are consistent with market practices in Georgia, the Southeast, and across the country. In 2001, these plans vested two executives.

It is the philosophy of the FHMI Board that the combination of the incentive earning opportunity, the base salary, and the SERPs will provide

a competitive compensation level to each executive that reflects the market for each position and organization performance. The Committee has developed the program to recruit, retain, and reward executives in order to meet the present and future needs of the organization to provide a high quality of patient care to the community in a cost effective manner.
